FLOOR SHEETER

SM-630E Sinmag Floor Sheeter

- The Sinmag dough sheeter floor model is an ideal sheeter for the medium to large pastry shop with its belts, being both long and wide to help get the biggest possible block rolled at one time
- The catch trays come as standard
- The two tables can be folded up after use to minimise the space it takes up in the bakery.
- This new sheeter has an opening of 50mm, allowing much larger pastry blocks to be processed in a quicker time, therefore saving you money.
